Course Objectives

The course seeks to provide an overview of key concepts and analytical techniques of international marketing and illustrate its role in the global economy. Being designed for students with prior knowledge of marketing principles, the course also highlights some research contributions in international marketing.

Prerequisites

Erasmus students must have successfully completed a basic/introductory marketing course at their home university. To be able to attend the course they must hand in a relevant transcript/certificate at the Secretary's office (Ms. Launtina Ibraimi, launtina.ibraimi@univie.ac.at) by **October 7, 2022** at the latest.

Course Policies

Both the course and the exam will be held in English. As the course has "prüfungsimmanenten Charakter", *attendance is compulsory* throughout the semester (see also Admission Policies on our homepage); more than *three* absences will automatically result in a "failed" grade.

Students wishing to take this course *must register via u:space* (with points) during the registration period. By registering for this course, you agree that the automated plagiarism software Turnitin processes and stores your data (i.e. project work, seminar papers, exams etc.). Registered students who, for whatever reason, are not able to take the course *must de-register* electronically. The latest date by which the course can be dropped is **October 14, 2022**.

*It is absolutely essential that all registered students attend the first session on **October 4th 2022** (Introduction/Vorbesprechung) as failure to do so will result in their exclusion from the course. Students should also regularly check our homepage for any changes in dates/times.*

Teaching Method

The course involves a combination of formal lectures and workshop sessions. Most sessions will include a short case study and/or discussions based on the assigned chapters and academic articles; students will be expected to be prepared to discuss them in class. *This is an integral part of the course and the material covered is examinable.*

In case, due to COVID, the course cannot take place on location, it will be offered online during the same dates/times. In this case, students are expected to have their cameras on during all sessions.
